This is Page No. 1 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

MAYOR MAYOR GENERAL MANAGER

1) APOLOGY

RESOLVED on the motion of Clr Maslin and seconded by Clr White that the apology of Clr McCann be accepted. 37/03/2019

2a) CONFIRMATION OF MINUTES OF THE MEETING HELD 21ST FEBRUARY, 2019.

RESOLVED on the motion of Clr Jones and seconded by Clr Crocker that the Minutes of the Meeting held 21st February, 2019 as circulated be confirmed and adopted. 38/03/2019

2b) MATTERS ARISING OUT OF THE MINUTES

There were no matters arising out of the Minutes.

3. CORRESPONDENCE

AGENDA A (FOR INFORMATION ONLY)

1a) INFORMATION PAPERS

- The following papers have been **distributed** with Council's supplementary material as being matters of information/interest to Councillors. If Councillors desire any further information on the matters distributed, then that can be raised with the General Manager.
 - 1) Minutes of the Advance Ganmain Committee Meeting held 6th March, 2019. Attachment No. 1

2a) ACTIVITY REPORTS

- Operating Statistics of the Coolamon Shire Library for February 2019.

 Attachment No. 2.1
 - 2) Community Development Officer's Report for February 2019.

 Attachment No. 2.2
 - 3) Tourism and Business Development Officer's Report for February 2019.

 Attachment No. 2.3

This is Page No. 2 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

MAYOR MAYOR GENERAL MANAGER.

General Manager's Note

The above reports are operating reports only for use by Senior Staff. They are submitted to Council as part of Agenda A for information only.

RESOLVED on the motion of Clr Maslin and seconded by Clr Hutcheon that the Correspondence listed Agenda A be received and noted. 39/03/2019

AGENDA B

1b) PETER PRIMROSE MLC, SHADOW MINISTER FOR LOCAL GOVERNMENT AND COMMUNITIES (P.06-01, SC310)

Please find attached a response from Peter Primrose, Shadow Minister for Local Government & Communities in regard to our enquiries on webcasting of Council Meetings.

General Manager's Note

A copy of the letter is distributed with the information papers for Councillor's information. Attachment No. 3

RESOLVED on the motion of Clr Maslin and seconded by Clr Hutcheon that the letter be received and noted. 40/03/2019

2b) STEPH COOKE MP, MEMBER FOR COOTAMUNDRA (P.06-01, SC310)

Forwarding a Media Release titled "Cootamundra Electorate Women Shine at the 2019 NSW Women of the Year Awards".

General Manager's Note

A copy of the Media Release is distributed with the information papers for Councillor's information. Attachment No. 10

RESOLVED on the motion of Clr Maslin and seconded by Clr Hutcheon that a letter of congratulations be forwarded to Professor Faye McMillian and flowers be forwarded to Aunty Gail. 41/03/2019

This is Page No. 3 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

MAYOR

GENERAL MANAGER

4) GENERAL MANAGER'S REPORT

4.1 GENERAL MANAGER REPORTS

GM1) COOLAMON SHIRE COMMUNITIES TOUR (P.11-01, SC315)

Coolamon Shire Council conducted its annual tour of the Shire Communities on Wednesday, 27th February, 2019. At this meeting we met with the relevant community representatives and discussed issues of concern or strategic importance. Accordingly, some of the matters will be dealt with under operational activities whilst those requiring a monitory investment will be included in discussions around the upcoming budget process.

<u>Recommendation</u>

For Council information.

GM2) STATE GOVERNMENT ELECTIONS (E.01-04, SC160)

Council has received information from Local Government NSW identifying the 12 issues that affect Local Government in regard to the upcoming State Elections.

These Election priorities have been attached and identify quite succinctly the 12 areas that Local Government would like to see action or greater support from any incoming government. Attachment No. 4

Recommendation

For Council information.

GM3) FINANCIAL TRENDS AND ANALYSIS (F.02-01, SC453)

- → Council has been provided with some detailed analysis in relation to the operations of Coolamon Shire Council. These statistics have been attached and indicate how Council has been tracking over the last seven years with comparisons to how this performance rates with Local Government across the State. Attachment No. 5.1
- In addition, a list has been provided of the ordinary rates per resident for each of the Councils in the State. Attachment No. 5.2
 It was thought this information would be helpful in forming this year's Budget and as background to Councillors.

This is Page No. 4 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

MAYOR MAYOR GENERAL MANAGE

Recommendation

For Council information.

RESOLVED on the motion of Clr White and seconded by Clr Hutcheon that the General Manager's Reports (GM1 to GM3) be received and noted. 42/03/2019

GM4) DONATION REQUEST – ROTARY CLUB OF SOUTH WAGGA (A.09-01, SC29)

The following request for a donation towards local children from the Coolamon Shire attending the Circus Quirkus 2019 has been received from the Rotary Club of South Wagga. A copy of the request is attached. Attachment No. 6

The information provided is somewhat light on detail as to how this money is to be used. I spoke to the representative of the Club seeking further clarification on how children are chosen to be funded, and how they determine what the criteria is for being disadvantaged from within our local region.

Whilst this is an initiative that is well meaning, Council gets numerous such requests and should be diligent and responsible in determining when and why it supports applications for financial support.

There is no record of Council contributing in the past five years.

<u>Recommendation</u>

For Council consideration.

RESOLVED on the motion of Clr Hutcheon and seconded by Clr White that the report be noted. 43/03/2019

GM5) 2019 EVENT FUNDING PROGRAM – FEBRUARY EVENT APPLICATIONS (E.07-01, SC491)

The Coolamon Shire Council Event Funding Program provides financial assistance for community or tourism related events held within the Shire. Funds are to assist new and existing events to grow and increase levels of day and overnight visitation.

Applicants can apply for funds from an annual pool of \$6,000 (maximum of \$3,000 per application, no minimum amount), which will be assessed and allocated as per the program guidelines. The event must be held between 1st

This is Page No. 5 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

... MAYOR

GENERAL MANAGER

January 2019 to 31st December 2019. The application process opened Monday, 3rd December 2018. Funds will be available until money has been exhausted. In February, Coolamon Shire Council received two event funding applications. The applicant details:

- Event: Ardlethan Show Ardlethan Show Society Inc. Amount requested: \$1,467. Date: 21 September 2019.
- Event: Inaugural Ardlethan Art Prize Advance Ardlethan. Amount requested: \$1,000. Date: 10-12 May 2019.

The assessment report outlines the application details, full event assessment and staff recommendation.

→ Attachments

Assessment and Report (February 2019) Attachment No. 7.1

Ardlethan Show Application Attachment No. 7.2

Inaugural Ardlethan Art Prize Application Attachment No. 7.3

Recommendation

- 1) That Council award the Ardlethan Show Society the requested amount of \$1,467 through the Event Funding Program for the 2019 Ardlethan Show.
- 2) That Council award the Advance Ardlethan Committee the requested amount of \$1,000 through the Event Funding Program for the 2019 Inaugural Ardlethan Art Prize.

RESOLVED on the motion of Clr White and seconded by Clr Jones that: 44/03/2019

- 1) Council award the Ardlethan Show Society the requested amount of \$1,467 through the Event Funding Program for the 2019 Ardlethan Show.
- Council award the Advance Ardlethan Committee the requested amount of \$1,000 through the Event Funding Program for the 2019 Inaugural Ardlethan Art Prize.

CS2) POLICY REVIEW (P.12-01, SC316)

Attached please find a copy of a proposed new policy. As part of the external auditor's comments provided to Council following interim and final audits each year, Council is provided with a management letter detailing recommendations proposed by the NSW Audit Office. Attachment No. 8

The NSW Audit Office has recommended as follows:

We recommend that the Council develop a legislative compliance register and policy to strengthen the Council's legislative framework. The Council should refer to the Audit Office's 'Governance Lighthouse - Strategic Early Warning System' (Guide) published in 'Volume One 2015 Areas of focus from 2014'. This guide includes a checklist which enables councils to self-assess and identify areas which need attention, including legislative compliance frameworks.

The topic of Legislative Compliance was included in the Internal Audit Program for the current year, with the field work to be undertaken in the next 4 months and the report to be presented to the July 2019 meeting of the Audit, Risk & Improvement Committee.

As the draft policy indicates, the objective of having the policy is to prevent breaches of legislation and to promote a compliance culture.

<u>Recommendation</u>

That the Draft Legislative Compliance Policy be adopted by Council.

RESOLVED on the motion of Clr Logan and seconded by Clr McKinnon that the Legislative Compliance Policy be adopted by Council. 46/03/2019

This is Page No. 14 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

INTRODUCTION

A compliance program is an important element in the corporate governance and due diligence of an organisation. This policy sets out the structural, operational and maintenance elements of an effective legislative compliance program.

OBJECTIVES

The aim of an effective compliance program is to:

- a. Prevent, and where necessary, identify and respond to, breaches of applicable laws, regulations, codes and organisational standards;
- b. Promote a culture of compliance within the organisation;
- c. Assist the organisation in remaining or becoming a good corporate citizen.

COMMITMENT

Coolamon Shire Council is committed to fulfilling the community's expectations and being a good corporate citizen through compliance with all applicable laws, regulations, codes and organisational standards.

IMPLEMENTATION

The General Manager will have overall responsibility for compliance.

A compliance framework will be maintained identifying the more significant laws and regulations applying to the Council (refer Schedule 1) and reporting obligations (refer Schedule 2).

The compliance framework will allocate responsibility for individual compliance tasks within the organisation.

Compliance obligations are to be integrated into the day-to-day operational procedures of the organisation.

MONITORING AND MEASURING

The Audit and Risk Committee will work closely with the Internal Auditor, to assist the Council in exercising due care, diligence and skill in discharging its oversight and monitoring responsibilities, especially regarding financial reporting, risk management and compliance with legislation and Council policies.

Electronic version on TRIM (Subject Container SC617) is the controlled version.

Printed copies are considered uncontrolled. Before using a printed copy, verify that it is the current version.

Page 1

This is Page No. 15 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

MINUTES OF THE ORDINARY MEETING OF THE COUNCIL OF THE SHIRE OF COOLAMON HELD IN THE COUNCIL CHAMBERS, COOLAMON ON THE 21ST MARCH, 2019.

An Internal Audit Plan will be maintained and will include an ongoing program for the internal review of the Council's activities including periodic reviews of its compliance program.

Compliance failures and complaints will be investigated in order to rectify breaches and prevent systematic and recurring problems.

Council policies will be subject to periodic review by the Council or as required in the event of legislative changes. Unless otherwise required policies will be reviewed at least once during a term of Council

CONTINUOUS IMPROVEMENT

The Compliance program and the compliance framework referred to in Schedule 1 will be regularly reviewed and continually improved by:

- Incorporating periodic internal audit reviews focusing on compliance in the Council's Internal Audit Plan and monitoring the work of the Internal Auditors in their reports to the Audit Committee especially noting the risk ratings attached.
- Regular review of Council policies in accordance with a pre-determined timetable (refer Schedule 2);
- c. Remaining abreast of changes in legislation and policies of Government by subscribing to Office of Local Government (OLG) Circulars, retaining membership of LGNSW and participating in conferences, seminars and other events hosted by OLG, LGNSW, Local Government Professionals Australia, REROC, Riverina Joint Organsiation and other local government industry bodies.

MAYC

4.3) EXECUTIVE MANAGER, ENGINEERING & TECHNICAL SERVICES

ES1) SHIRE ROADS MAINTENANCE, RESHEETING AND STABILISATION WORKS

The following roads have received attention:

1) <u>Maintenance</u>

- > Johnsons Hill Road
- > East West Road
- Rannock Road drainage

2) Resheeting

- ➤ Fairweathers Lane 2.7kms
- ➤ Bootheys Lane 3.2kms
- Kinilibah School Lane 3.5kms
- ➤ Lynham Lane 0.9kms

With only 34mm of rain recorded over the last 3½ months, water availability continues to be a problem for gravel road maintenance, gravel resheets and road reconstruction works.

Gravel roadworks are restricted to where water is available and until significant falls occur, dams are replenished and Council can provide maintenance, motorists are advised to drive to the conditions present.

ES2) REPAIR PROGRAMME 2018/2019

ARDLETHAN ROAD (36.78 TO 38.64KMS) 1.86KMS

Contractors have been able to supply sufficient material for stabilisation to occur and has been followed by application of bitumen seal. Linemarking will be incorporated in the next programme.

ES3) ROADS TO RECOVERY PROGRAMME 2018/2019

MIRROOL SOUTH ROAD (2.96 TO 4.36 AND 6.68 TO 7.40KMS) 1.4 AND 0.72KMS

Reconstruction works have commenced along this section of Council's Local Sealed Network. These works will improve pavement strength and road

This is Page No. 22 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

... MAYOR

..............GENERAL MANAGER.

alignment through a number of curves. Works have been aligned with scheduled return of lime production which is listed for the 25th March, 2019.

RESOLVED on the motion of Clr McKinnon and seconded by Clr White that the Executive Manager, Engineering & Technical Services' Reports (ES1 to ES3) be received and noted. 47/03/2019

ES4) NOXIOUS WEEDS REPORT (N.02-01, SC284)

Senior Weeds Officer, Robert Ferguson Reports

- Training R Ferguson renewed SMARTtrain levels 3 & 4 chemical use qualifications. Staff have renewed SMARTtrain level 4, and in addition one staff members has completed the 5 day Weed Officers Legal Training.
- High risk sites and pathway inspections are ongoing.
- Property inspection program is commencing in the next weeks and will run through to end of June. The program is targeted at post drought weed issues and will be more information and education than inspection until decent rain events arrive.
- Operationally there will be very little spray control applied until reasonable rainfall events arrive.
- The Roundup / Glyphosate, suitability for use in public spaces issue is becoming a problem in some areas. Within RENWA area it has not been a frequent question but it will stay topical as there are now over 8 thousand new court cases in process. My standard answer is that the APVMA has taken a science-based approach to glyphosate use and when the product is used strictly as per the label recommendations, it is fit for purpose and safe to use.
- DPI has taken its first steps in the planning of the 20-25 Weed Action Program.

Recommendation

That the Executive Manager, Engineering & Technical Services' Reports (ES1 to ES4) be received and noted.

RESOLVED on the motion of Clr Maslin and seconded by Clr Jones that the report be received. [48/03/2019]

This is Page No. 23 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

.. MAYOR

GENERAL MANAGER

ES5) NHVR – CLASS 1 AGRICULTURAL VEHICLE AND COMBINATION NOTICE (R.09-05, SC339)

The NHVR has contacted Council seeking its consent to the National Class 1 Agricultural vehicle and combination notice. The NHVR has provided an information sheet which explains the purpose, changes and benefits of the Notice and is attached for your information. Attachment No. 9.1

In essence, the new notice outcomes are:

- Provide a single National access arrangement rather than separate States.
- Return of all Class 1 delegations to the NHVR, all permit applications are to be submitted via the NHVR Portal only.
- Provides a simplified set of national standards. The attached extract from the Notice details mass and dimension standards, Coolamon is located in Zone 5.
 Attachment No. 9.2
- By setting speed, mass, dimension, warning signs/light and pilot/escort standards, improved road safety is achieved.
- The designated mass limits will not have a detrimental impact on Council's infrastructure.

What this means for the Farmer/Agricultural Contractor is that Council will no longer be able to provide Class 1 vehicle consents directly over the counter and all consent requests will be directed through the NHVR Portal. Current consents can be provided for up to a 3-year period.

Recommendation

That Council confirm consent to the National Class 1 Agricultural Vehicle and Combination Mass and Dimension Exemption Notice 2019.

RESOLVED on the motion of Clr Hutcheon and seconded by Clr Maslin that Council confirm consent to the National Class 1 Agricultural Vehicle and Combination Mass and Dimension Exemption Notice 2019. 49/03/2019

This is Page No. 24 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

GENERAL MANAGER

ES6) TENDER NO. 2019/01 - WINNING AND CRUSHING OF RIDGE GRAVEL – LEWIS PIT (T.03-09, SC424; LF592)

Tenders were received for the above Contract.

⇒ The attached sheet provides a detailed breakdown of the tenders.

COST

This is a schedule of rates tender with three tenders received ranging from \$275,280 to \$330,200. Tenders have provided rates for crushing only, winning only and crushing & winning, Council has a preference to engage the one Contractor for both winning and crushing.

Milbrae Quarries Pty Ltd, is the most financially beneficial to Council with a tender price of \$275,280.

The second tender being Bald Hill Quarry Pty Ltd with a submission of \$279,800.

PERFORMANCE

Milbrae Quarries have been engaged by Council to win and crush gravel at their gravel pits in past years with previous local knowledge of Lewis gravel pit. Milbrae Quarries have carried out their operations in a very capable manner and to a standard which satisfies both Council and the Department of Mineral Resources. Bald Hill Quarry Pty Ltd have not performed works for Council previously but are acknowledged as a very capable operator.

AVAILABILITY

Milbrae Quarries are able to commence works in early April and anticipate the tender to be finalized within the 18/19 financial year.

Recommendation

That Council accepts the Tender from Milbrae Quarries Pty Ltd for the Winning and Crushing of Ridge Gravel (as per specification) for the net figure of \$275,280 (excluding GST).

RESOLVED on the motion of Clr Maslin and seconded by Clr McKinnon that Council accepts the Tender from Milbrae Quarries Pty Ltd for the Winning and Crushing of Ridge Gravel (as per specification) for the net figure of \$275,280 (excluding GST). 50/03/2019

ES7) PLANT REPORT – 2019/2020 CONSIDERATIONS (P.04-01, SC474)

- The attached report details the replacement items proposed for the forthcoming year. (See Plant Replacement Schedule attached). The following major items are up for consideration:
 - 1) Replacement of one maintenance grader (Plant No.7). This grader was on a ten-year replacement cycle from being purchased new in 2005. Reassess viable condition on annual basis has been performed over the past four years with reliable results. Replacement of this unit has been deferred in previous years to permit replacement of the 12M Caterpillar. The grader has accrued over 11500hrs and is due for replacement.
 - 2) Replacement of one construction self-propelled smooth drum roller (Plant No.369). This roller is on an eight-year replacement cycle but due to the poor reliability and excessive down time being experienced over the last five years this machine has been brought forward.

This machine as all items of Council's plant play an integral role in the ability to perform consistent reliable work. This Dynapac roller has experienced multiple breakdowns over the past five years with the electrical control and monitoring systems failing to deliver reliability in adverse operating conditions (vibration and dust). The extended down time of this machine increased with the majority of replacement parts having to be source overseas at an increased expense.

The roller has accrued over 4600 hrs.

- 3) Overhaul of one construction drawn cleat roller (Plant No.361). The roller is allocated to construction gang two for the purpose of breaking down uncrushed road base materials. The roller is on a re-assess annual cycle and is due for a cleat point rebuild.
- 4) Replacement of one Works Overseer utility (Plant No.297). This vehicle is on a three/four-year replacement cycle and is due this year with over 110,000KM of work accrued.
- The Parks and Gardens team mowers will continue to be budgeted for replacement each year if required. An assessment has been performed to determine which machine is to be replaced depending on unit hours and reliability. No replacement required for 2019/2020.

This is Page No. 27 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

6) The community mowers will continue to be budgeted for replacement each year if required, with Ardlethan to receive the latest mower (2018/2019). An assessment has been performed to determine which machine is to be replaced depending on unit hours and availability of community volunteers. No replacement required for 2019/2020.

Recommendation

That the Plant Report as presented is received, and the items listed be presented for consideration in the draft estimates.

RESOLVED on the motion of Clr Hutcheon and seconded by Clr Jones that the Plant Report as presented is received, and the items listed be presented for consideration in the draft estimates. 51/03/2019

This is Page No. 28 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

This is Page No. 31 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

ES8) 2019/2020 ROADS TO RECOVERY PROGRAMME (F.02-02, SC178)

Council has now entered into another 5 years of the Federally Funded Roads to Recovery Programme with a total of \$3,089,780 confirmed. This total is spread evenly across the five years with \$617,956 available annually. Following a number of years where a doubling and tripling of the funding was provided, we have now returned to a standard allocation with a 7.44% increase from the previous 5-year allocation (1.49% annual increase).

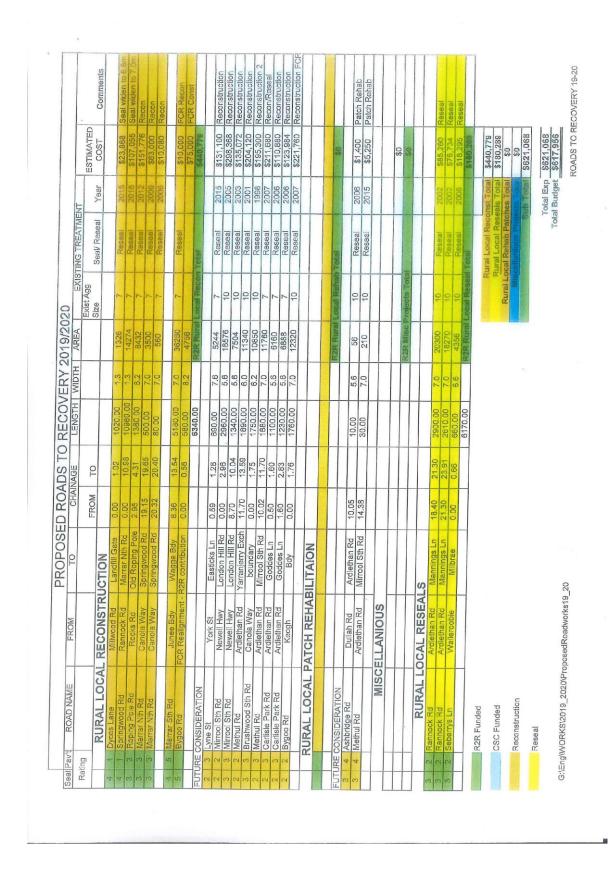

To expend the funds available, the attached sheet identifies priority projects on Council's Rural Local Sealed Network. Works identified include Reconstructions, Reseals, Seal widening and Council's contributions to Fixing Country Roads projects. Additional works have been listed for future consideration.

<u>Recommendation</u>

That the highlighted items be adopted under the 2019/2020 Roads to Recovery Programme.

RESOLVED on the motion of Clr Hutcheon and seconded by Clr Jones that the highlighted items be adopted under the 2019/2020 Roads to Recovery Programme. 52/03/2019

This is Page No. 32 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

This is Page No. 33 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

J. Jujmour MAYOR May har

GENERAL MANAGER.

The Meeting adjourned at 3.08pm for a presentation by Julie Briggs, REROC EO and Riverina Joint Organisation CEO.

The Meeting resumed at 4.18pm.

ES9) 2019/2020 SEALED RURAL LOCAL ROAD CONSIDERATIONS (F.02-02, SC178)

The attached spreadsheet provides a priority list of works to be performed under Council's Rural Local Road Capital works Programme. With the addition of the reseal works identified under the Roads to Recovery Programme, a total of 11.28kms is targeted. With 251kms of Local Sealed Network, this results in the roads receiving a reseal treatment on a 20-year interval which is within Council's Asset Management targets.

Recommendation

That the highlighted items be adopted for works under the 2019/2020 Council Rural Local Roads Capital Works Reseal Programme.

RESOLVED on the motion of Clr Logan and seconded by Clr White that the highlighted items be adopted for works under the 2019/2020 Council Rural Local Roads Capital Works Reseal Programme. 53/03/2019

This is Page No. 34 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

G:\Eng\WORKS\2019_2020\ProposedRoadworks19_20

This is Page No. 35 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

ES10) 2019/2020 UNSEALED LOCAL ROAD CONSIDERATIONS (F.02-02, SC178)

The attached spreadsheet identifies priority capital works on Council's Unsealed Network. Works identified have been prioritised according to condition rating and road hierarchy. It should also be noted that half of Council's commitment to the Bygoo Road FCR realignment project has been identified. The other half will be drawn from Council's Rural Local Sealed Capital Works Programme (\$75,000 total). A contribution of \$10,000 is also identified to satisfy Council's commitment to the FCR Marrar South Project.

Recommendation

That the highlighted items be adopted for works under the 2019/2020 Unsealed Local Road Capital Works Programme.

RESOLVED on the motion of Clr McKinnon and seconded by Clr Crocker that the highlighted items be adopted for works under the 2019/2020 Unsealed Local Road Capital Works Programme. 54/03/2019

This is Page No. 36 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

ES11) 2019/2020 URBAN RESEAL PROGRAMME (F.02-02, SC178)

Over recent years, reseals for Ardlethan streets and rear lanes have been deferred awaiting the outcome of the Ardlethan Sewer Project. Now that the sewer is proceeding, a number of street and lane openings will occur requiring reinstatement and sealing. These components were removed from the Sewer Contract for Council to perform, and it is now Ardlethan's time for it to collect on the deferred years.

As a result of the volume of works required and budget limitations, all urban reseals for 2019/2020 will occur in Ardlethan. By costing these works under the Urban Reseals budget, it is intended to reduce the Ardlethan Sewer budget shortfall which is to be sourced from the Council Sewer Fund.

Recommendation

That the highlighted items be adopted for works under the 2019/2020 Urban Reseal Programme.

RESOLVED on the motion of Clr White and seconded by Clr Maslin that the highlighted items be adopted for works under the 2019/2020 Urban Reseal Programme. 55/03/2019

This is Page No. 38 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

ES12) 2019/2020 TOWN WORKS PROGRAMME (F.02-02, SC178)

Following consideration of requests from the public over the previous years, priorities of the various Advance Committees and of Council Staff, the attached spreadsheet identifies the priority Town Works for the coming years. Previously with the delivery of the Stronger Communities Programme, the majority of items raised by the Advance Committees have been addressed under that programme, and hence not listed in the attached spreadsheet.

Recommendation

That the items identified in the 2019/2020 Town Priorities be adopted for works under the 2019/2020 Operational Plan.

RESOLVED on the motion of Clr Maslin and seconded by Clr Logan that the items identified in the 2019/2020 Town Priorities be adopted for works under the 2019/2020 Operational Plan. 56/03/2019

This is Page No. 40 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

ES13) ARDLETHAN SEWERAGE SCHEME - PROJECT STATUS REPORT - 20 MARCH 2019 (S.03-02, SC361)

Project Status

Council invited tenders for the construction of the Ardlethan Sewerage Scheme on 11th December 2018. Tenders closed on 25th January 2019. The offers were evaluated and reported to Council at the Ordinary Meeting of 21st February 2019.

The contract for the construction of the gravity reticulation system, rising main and installation of the packaged pump station was awarded to Poonindie Pty Ltd, trading as TWS Ted Wilson and Sons, for the lump sum of \$2.28M ex GST.

The contract for the construction of the sewerage treatment plant was awarded to D&L McCallum Pty Ltd for the lump sum of \$716K ex GST.

The contract for the supply of the packaged pump station was awarded to Q-Max Pumping Systems Pty Ltd for the lump sum of \$161K.

The decision to split the construction into three (3) separate contracts has been justified by the realisation of savings in excess of \$3M when compared to the cost of awarding all elements to a single contractor.

The construction of the third evaporation basin at the sewerage treatment plant has been deferred until it is required.

All contracts have been executed.

Construction of both the treatment plant and gravity reticulation are scheduled to commence in mid-late April 2019.

Time

The duration of the construction program for the gravity reticulation system, rising main and pump station installation is 44 weeks from commencement of works.

The duration of the construction program for the sewerage treatment plant is 18 weeks from commencement of works.

The following are some estimated key milestone dates:

This is Page No. 43 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

... MAYOR

Detailed design amended, finalised and issued for	Mid November 2018
tender/construction	
Construction commencement	April 2019
Construction of Treatment Plant completed	August 2019
Construction of reticulation, rising main and pump	February 2020
station completed	
Ardlethan Sewerage Scheme completed	March 2020
and commissioned	
Payment of Capital Contribution by ratepayers	End May 2020

Quality

The design for the Ardlethan Sewerage Scheme has been based on the applicable Water Services Association Codes, Australian Standards, contemporary best practice and Council standards. These requirements have been incorporated into the design and technical specification. It will be a requirement of the construction contract(s) that the contractor prepares a comprehensive Project Quality Plan reflecting these requirements and inclusive of an Inspection and Test Plan. Some elements of compliance testing will be undertaken by Council via independent specialists as required.

MAY

	Construction of the third evaporation basin at the treatment plant deferred until required by load and/or climatic conditions Construction contract broken into three (3) components, resulting in lower cost than appointing a single contractor Some materials and services required for the project to be provided by Council
Further Actions	Ongoing cost control during construction Identify any further opportunities for cost savings during construction

Procurement

Tenders were advertised and three (3) separate contracts were awarded for the major elements of the Ardlethan Sewerage Scheme. The contract for the gravity reticulation, rising main and pump station installation was awarded to TWS. The contract for the sewerage treatment plant was awarded to D&L McCallum. The contract for the supply of the packaged pump station was awarded to Q-Max Pumping Systems.

Construction of the third evaporation basin at the treatment plant has been deferred until it is required due inflow and climatic conditions.

Procurement of minor items to be supplied by Council such as trench fill material, rock for treatment plant lining, road base, tree removal, utility connections, fencing and geotechnical testing will be undertaken on an ongoing basis with investigations for the supply of these elements well underway.

HS2) COUNCIL BUILDING AND LAND ASSET MANAGEMENT INVENTORY REPORT (A.11-01, SC33)

Summary

This report provides information to Council on the recently reviewed Council Building and Land Asset Management Inventory Report.

Background

The annual inspection of all buildings and land assets has been carried out with the 2018 Financial Year *Council Building and Land Asset Management Inventory Report* being developed. This document is now **tabled** for Council's information.

Council Staff will continue to utilise these documents as the primary method to identify upcoming and/or required works across the majority of Council's assets. This will assist in the preparation of forthcoming budgets, particularly in regards to ensuring that sufficient maintenance, repair and operational budgets are provided.

Financial Implications

The financial implications associated with this report will be required to be addressed via allocated general revenue funds or state and federal grants and will form part of the annual budgetary review process with the elected Council.

Recommendation

That Council note the report titled Council Building and Land Asset Management Inventory Report.

RESOLVED on the motion of Clr Jones and seconded by Clr Logan that Council note the report titled Council Building and Land Asset Management Inventory Report. 59/03/2019

HS3) REGISTRATION OF NEW ABORIGINAL LAND CLAIMS (A.01-01, SC2)

Summary

This report presents information and recommendations to Council in regards to advice received from the NSW Department of Industry – Lands, on the registration of six (6) new Aboriginal Land Claims on Crown land located within the Coolamon Local Government Area.

Background

The Department of Industry (DoI) – Lands and Forestry, Aboriginal Land Claim Investigation Unit (ALCIU) has been notified by the Office of the Registrar, Aboriginal Land Rights Act 1983 (NSW) of the registration of new Aboriginal land claims recently registered.

Lodging of an Aboriginal land claim creates an interest in the land. Prior to any future dealings in this land, consultation should be undertaken with DoI – Lands and Forestry.

Aboriginal land claims are investigated in accordance with the provisions of section 36(1) of the Aboriginal Land Rights Act 1983. Regardless of when an investigation is conducted the key date for the investigation is the date the claim is lodged.

At this point no investigation of the listed claims has been undertaken by the ALCIU.

The ALCIU is seeking information from Council as a relevant authority as to whether Council holds an interest in any of the claimed land, and requires evidence which demonstrates around the date of claim the land was:

- Lawfully used or occupied
- Needed or likely to be needed for an essential public purpose

This is Page No. 49 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

.. MAYOR

The Land Claims

	Land Claimed				Image
Claim No		Suburb	Status	Comment	Reference (see images at end of report)
47245	Lot 202 DP 750847	Marrar	Vacant land owned by the State of NSW. Zoned RU4 Rural Small Holdings under Coolamon LEP 2011.	No objection to land claim.	1
47246	Lot 207 DP 722781	Marrar	Vacant land owned by the State of NSW. Zoned RU5 Village under Coolamon LEP 2011.	No objection to land claim.	2
47247	Lot 7300 DP 1155410	Coolamon	Highly vegetated vacant land owned by the State of NSW. Zoned RU1 Primary Production under Coolamon LEP 2011.	No objection to land claim.	3
47264	Lots 701-702 DP 96259	Marrar	Vacant land owned by the State of NSW. Zoned RU5 Village under Coolamon LEP 2011.	No objection to land claim.	4
47265	Lots 1-13 Section 20 DP 758650	Marrar	Vacant land under private Ownership / or via a perpetual lease. It would be expected that via due process that the lessee of the subject land would also be provided with opportunity to comment on any land claim initiated over the land. Zoned RU5 Village under Coolamon LEP 2011.	Objection to the claim on the basis that it will provide legal access future residential development of adjoining lots.	5
47266	Lot 8 Section 12 DP 758650, Lots 1-7, 9-10 Section 13 DP 758650	Marrar	Vacant land owned by the State of NSW. Zoned RU5 Village under Coolamon LEP 2011.	No objection to land claim.	6

Table 1: Proposed Aboriginal Land Claims Coolamon LGA

Staff have undertaken an assessment of the proposed land claims and only raise one objection from the list of the identified six land claims. The objection is listed in table 1 with reasons for objection provided. The objection is on the basis that

This is Page No. 50 of the Minutes of the Ordinary Meeting of the Council of the Shire of Coolamon held in the Council Chambers, Coolamon on the 21st March, 2019.

... MAYOR

adjoining residential land will rely on the unformed road for access once such land is developed and as such, it will be needed or likely to be needed for an essential public purpose.

No objection has been raised to other potential claims on the basis that the land is owned by the crown, is vacant, not occupied by Council and not required for any future public purpose.

Consultation

Consultation has been undertaken internally with relevant Council staff.

Financial Implications

There are nil adverse financial implications resulting from this report.

Recommendation

- That Council note the report titled Registration of New Aboriginal Land Claims; and
- 2) That Council provide written advice to the Aboriginal Land Claim Investigation Unit (ALCIU) on Councils position with respect to the six (6) land claims and lodge objection to one (1) of the land claims as identified within table 1 of this report.

RESOLVED on the motion of Clr Hutcheon and seconded by Clr McKinnon that: $\frac{60/03/2019}{}$

- Council note the report titled Registration of New Aboriginal Land Claims; and
- 2) Council provide written advice to the Aboriginal Land Claim Investigation Unit (ALCIU) on Councils position with respect to the six (6) land claims and lodge objection to one (1) of the land claims as identified within table 1 of this report.

On the motion of Kris Dunstan and Rob Ferguson the minutes of the last meeting confirmed true and correct.

CARRIED

CORRESPONDENCE:

Nil

QUARTERLY REPORT:

Rob Ferguson - RENWA Report 5/3/19

- Training R Ferguson renewed SMARTtrain levels 3 & 4 chemical use qualifications.
 Jeremy Crocker and Garry Bussenschutt renewed SMARTtrain level 4. Garry has completed the 5 day weed officers legal training
- Silverleaf Nightshade control has been carried out across the group by RENWA officers.
- St Johns Wort control performed by contractors and RENWA staff
- Blue Heliotrope controlled largely in Junee Shire
- Cactus (Prickly Pear and Tiger Pear) control using the Bio Oil/access mix has been completed. That product mix is very effective. In Temora Shire that was following land manager discussions. So, we followed on where necessary in other areas.
- Applications for Crown Land funding are being written at this time.
- High risk sites and pathway inspections are ongoing.
- Property inspection program is commencing in the next weeks and will run through to
 end of June. The program is targeted at post drought weed issues and will be more
 information and education than inspection until decent rain events arrive.
- I am renewing CSC Biosecurity Weeds Policy and Pesticide Notification Plan at present.
 When completed they will serve as templates for all shires if required.
- Operationally there will be very little spray control applied until reasonable rainfall events arrive.
- Engineering management should consider road verge control options and be prepared for action when favourable control conditions are present.
- The Roundup / Glyphosate, suitability for use in public spaces issue is becoming a problem in some areas. Within RENWA area it has not been a frequent question but it

will stay topical as there are now over 8 thousand new court cases in process. My standard answer is that the APVMA has taken a science-based approach to glyphosate use and when the product is strictly as per the label recommendations, it is fit for purpose and safe to use.

 When Landcare announces the sites for their latest pest animal/weed peri urban project, RENWA will provide support where possible.

WEED ACTION PLAN

Regional Weeds Committee meeting 5/3/19 report

- Committee Terms of Reference presented for comment and approval
- Presentation from Mr Owen Douglas, Petaurus Education Group regarding a potential joint agency weeds communication and education program. (attached leaflet)
- The group is interested in the concept and potential. Funding needs investigating.
- Report from Mitch Michelmore, DPI Invasive Species Officer. (attached)
- DPI is holding an initial meeting next week to commence the process of planning the next Weed Action Program 20 25
- Grass weed ID training is available in Wagga 25 & 26 March
- An irrigators group is looking at holding advanced spray drift management workshops. They are investigating trainers and costs currently
- Landcare Meepaw project is funded and approved, to be completed by May 2019.
 Weed officers will assist with weeds issues where possible
- Dr Hanwen Wu and a colleague presented on the current status of their project to be able to field identify serrated tussock by reading DNA barcoding. The project is going well and is proof of concept. Hopefully funding will be made available to barcode other difficult to id weeds and devise reading techniques for them. Very promising and useful technology.
- Next meeting 4 June 2019

Rob Ferguson to summarise the benefits of participation in a Joint Agency Weeds Communication and Engagement Pilot Program and submit a proposal to REROC for possible grant application and ROC wide program.

INSPECTOR ID CARDS:

Finalised

INSPECTION AREAS:

Starting with Coolamon - 50 to 70 properties to be inspected. Working with Coolamon Shire GIS Officer & Chartis Technology to map.

Then on to Temora and Junee Shires afterwards.

MINUTES OF THE NOXIOUS WEEDS MEETING OF COOLAMON, JUNEE & TEMORA HELD AT TEMORA SHIRE COUNCIL ON TUESDAY, 5 MARCH 2019 AT 2.00PM.

GENERAL BUSINESS:

RFS Fire Mitigation funding – can assist with weed control initiatives, but it depends on fund expenditure timing.

Silver Leaf Night Shade Control – Timing issue is most effective, using Grazon has best effect.

NEXT MEETING:

5 June, 2019 at Junee.
